Re: American Standard Circuits
EPA I.D.: ILD 981 533 193

Dear Mr. Hirpara:

On September 15, 2015 a representative of the U.S. Environmental Protection Agency inspected the American Standard Circuits ("American Standard" or "you") facility, located in West Chicago, Illinois. In response to a violation of the Illinois Administrative Code and the United States Code of Federal Regulations identified during the inspection, EPA issued a Notice of Violation (NOV) to American Standard on May 13, 2016. Subsequent to our NOV, you submitted additional information regarding the identified violation in correspondence dated June 3, 2016.

This letter is to inform you that EPA has reviewed the referenced response, and does not plan additional enforcement action at this time. This letter does not limit the applicability of the requirements evaluated, or of other federal or state statutes or regulations. Thank you for your cooperation.

If you have any questions or concerns regarding this matter, please contact Jamie Paulin, of my staff, at 312-886-1771.

Sincerely,

Michael Cunningham, Section Chief
Compliance Section 1
